We take pride in delivering quality performance support and services to our customers in a timely and cost effective manner.

PROGRAM MANAGEMENT SUPPORT SERVICES & SOLUTIONS

Wright-Patterson Air Force Base, Ohio:

NCMS is an approved Air Force Materiel Command (AFMC) Trainer-Facilitator vendor and, as such, have courses and workshops listed in the AFMC Education and Training Management System (ETMS). Develop and facilitate an array of highly interactive, participatory workforce development and training programs for entry-level, middle and senior personnel on essential managerial, leadership, technical and supervisory subjects.

VER-MAC Industries; Mt. Vernon, Ohio

NCMS provided consultancy and technical support to Ver-Mac Industries in the development and implementation of their quality management system in accordance with the requirements of the ISO 9001:2015 standard. Support consist of training, conducting internal audits, participating in management reviews, assisting in the collection of data, analysis and problem-solving activities in the determination of root causes of non-conformances, and developing effective corrective and preventive actions.

OSD; Office of Diversity Management and Equal Opportunity (ODMEO) - Pentagon:

Support consist of establishing and working through strategic partnerships with minority affinity groups, educational institutions and key national and local professional associations in various geographical regions throughout the country to improve outreach and enhance diversity within the Department of Defense. Developed and implemented an assessment survey to collect pertinent inclusion data and information that facilitated the formation of a two year action plan. Coordinated and facilitated technical workshops and webinars, based on survey results, that boost minority serving institutes' capacity to bid on DoD research and technology transfer contracts and facilitate youth symposiums to educate and encourage minority students regarding DoD internship and scholarship programs with the goal of increasing the DoD civilian workforce pipeline; particularly in the areas of Science, Technology, Engineering and Mathematics (STEM).

U.S. Army, Office of Small Business Programs (OSBP) - Pentagon:

Provided managerial, administrative and technical support to the Army Mentor-Protégé Program Manager. Monitored and tracked performance of program agreements; including milestones, deliverables and qualitative assessments. Performed data collection and analysis of program participants' activities and growth – during and after participation in the program. Prepared responses to inquiries for data from Congress, GAO and/or for public relations activities; coordinate and participate in outreach conferences and symposiums; perform financial analysis and projections; and recommend program improvements. Prepared quarterly reports that address overall M-P activities, action items and recommendations.
